### Christmas Chandelier Cleaning

Now is the perfect time to book to have your chandeliers cleaned before the festive period. November and December are already looking very busy so call us now on **01795 830000** to secure the date that you require. In addition, if your glassware needs some attention before the Christmas parties are in full swing and the table needs laying for Christmas Day, then there is still time to send your glasses to have any chips removed.

### Antique Regency chandelier

An 18 light hybrid Regency chandelier with antique and reproduction pieces is the newest addition to our stock. The original receiver plate (below centre) is most interesting being cut both on the inside and the outside, giving a unique prismatic effect. Other antique parts include the stem pieces, canopies and the metalwork. Plain arms, cut pans and icicle dressings (below left) are faithful reproduction pieces manufactured by Wilkinson and the original metalwork has been re-silver plated. Ref: CS 1971.
